The Flaminio Square is also served by a large number of bus lines.

Access to the CNEL building

Access to the CNEL building is allowed to the registered participants only. The access badge is given upon presentation of a personal ID (passport). The NON-EU participants have to send a copy of the passport in advance of the meeting.

The entrance is governed by a dress code policy similar to dress code for Italian churches. Each place of the meeting room has a microphone, an electric socket (Italian type) and an Ethernet port.

Airport Connections

The Leonardo Da Vinci Airport, located at Fiumicino (FCO), about 30 km West of Rome, on the coast, is connected with Rome by two different Railway lines:

[Direct train](#) (no-stop) from the airport to the Main Railway Station Termini (about 30 min running time, with programmed departures every 15 minutes, connections with Subway Lines A and B).

REGIONAL TRAIN FL1 (directed to Fara Sabina) (*ticket 8.00 Euro*)

FR1 connects the FCO Airport with the Railway stations Roma Trastevere, Roma Ostiense (Metro B), Roma Tuscolana (Metro A), Roma Tiburtina (Metro B).
Frequency: 4 trains per hour.

For details on train connections, tickets [click here](#) (available in several languages).

TAXI (CABs)

Generally speaking, cabs are quite expensive, ranging between 50 and 80 Euro, depending upon the final destination in Rome. Be aware of using only AUTHORIZED TAXI (white cabs with visible licence number outside and taxi-meter inside) and illuminated sign on the top, ONLY at the TAXI station, outside the Terminals. Strongly suggested to agree with the taxi driver on the fare for your final destination, before boarding the taxi. Avoid any contact with alleged taxi drivers who approach you within the Terminals, offering discounted fares.

Hotels

Hotels in the vicinity of Flaminio Square and Borghese Gardens (Villa Borghese) are recommended, because of their proximity to the meeting venue. Any other locations along the metro lines A and B, are suitable, although the nicest locations are in the vicinity of the Historical Centre, and the Vatican, where, of course, the hotels are more expensive. The table below shows the hotels that provide discounts to ENEA.
