

## FAIRMODE PLENARY MEETING AGENDA: 01-03-2021

09:00-09:10	Welcome	E. Vignati
09:10-10:00	Air quality: revision of EU rules	T. Henrichs
10:00-11:00	<b>QA/QC protocol for AQ assessment (CT2)</b> <ul style="list-style-type: none"> <li>• <i>Status of Model Quality Objectives and complementary QA/QC indicators (15')</i></li> <li>• <i>Reflection on needs for metadata to complement the assessment (15')</i></li> <li>• <i>Update on CAMS related activities (10')</i></li> <li>• <i>Support to the revision of EU rules on air quality &amp; discussion (20')</i></li> </ul>	L. Tarrasón P. Thunis
<b>Coffee break</b>		
11:15-12:00	<b>Quality control indicators for forecast (CT3)</b> <ul style="list-style-type: none"> <li>• <i>Forecast Indicators: status and next steps (20')</i></li> <li>• <i>Update on CAMS related activities (5)</i></li> <li>• <i>Discussion (20')</i></li> </ul>	P. Durka S. Janssen
<b>Lunch break</b>		
14:00-14:40	<b>Micro-local scale air quality modelling (CT4)</b> <ul style="list-style-type: none"> <li>• <i>Status of the inter-comparison exercise and next steps (20')</i></li> <li>• <i>Support to the revision of EU rules on air quality and discussion (20')</i></li> </ul>	F. Martin S. Janssen
14:40-15:30	<b>Best practices for local and regional AQ management (CT5)</b> <ul style="list-style-type: none"> <li>• <i>Status of the activity (5min)</i></li> <li>• <i>Summary of the existing knowledge (15 min)</i></li> <li>• <i>Agreed 'key challenges (15 min)</i></li> <li>• <i>Next steps and discussion (15 minutes)</i></li> </ul>	E. Pisoni C. Guerreiro
<b>Coffee break</b>		
15:45-16:30	<b>Near real-time assessment with low-cost sensors (CT6)</b> <ul style="list-style-type: none"> <li>• <i>Status of the inter-comparison exercise (20')</i></li> <li>• <i>Connections to AQUILA and CEN WG42 (10')</i></li> <li>• <i>Next steps &amp; discussions (15)</i></li> </ul>	J. Wesseling S. Janssen
16:30-17:30	<b>Exposure &amp; exceedance indicators and network optimization (CT8)</b> <ul style="list-style-type: none"> <li>• <i>Lessons learned on spatial representativeness - Set-up of an exercise (15')</i></li> <li>• <i>Lessons learned on monitoring design- set up of an exercise in collaboration with AQUILA and EEA. (15')</i></li> <li>• <i>Support to the revision of EU rules on air quality (30')</i></li> </ul>	S. Janssen L. Tarrasón

## FAIRMODE PLENARY MEETING AGENDA: 02-03-2021

09:00-09:50	<b>High-resolution emission inventories (CT7)</b> <ul style="list-style-type: none"> <li>• <i>Roadmap for urban scale emissions and the need to target other sectors (10')</i></li> <li>• <i>Emission metadata compilation – decision trees (10')</i></li> <li>• <i>Update on CAMS emissions (10') tbc</i></li> <li>• <i>Support to the revision of EU rules on air quality and links to other CTs (15')</i></li> </ul>	S. Lopez Aparicio L. Tarrasón
09:50-10:30	<b>Effectiveness and robustness of air quality projections (CT9)</b> <ul style="list-style-type: none"> <li>• <i>Status of the inter-comparison exercise (20')</i></li> <li>• <i>Update on CAMS related activities (10')</i></li> <li>• <i>Next steps &amp; discussion (10')</i></li> </ul>	A. Monteiro E. Pisoni
Coffee break		
10:45-11:45	<b>Source apportionment to support AQ management (CT1)</b> <ul style="list-style-type: none"> <li>• <i>Status of the inter-comparison exercise on NO2 (15')</i></li> <li>• <i>Source apportionment with receptor models (15')</i></li> <li>• <i>Update on CAMS related activities (10')</i></li> <li>• <i>Support to the revision of EU rules on air quality (15')</i></li> </ul>	G. Pirovano A. Clappier
11:45-12:00	Wrap-up	P. Thunis
