# Welcome!

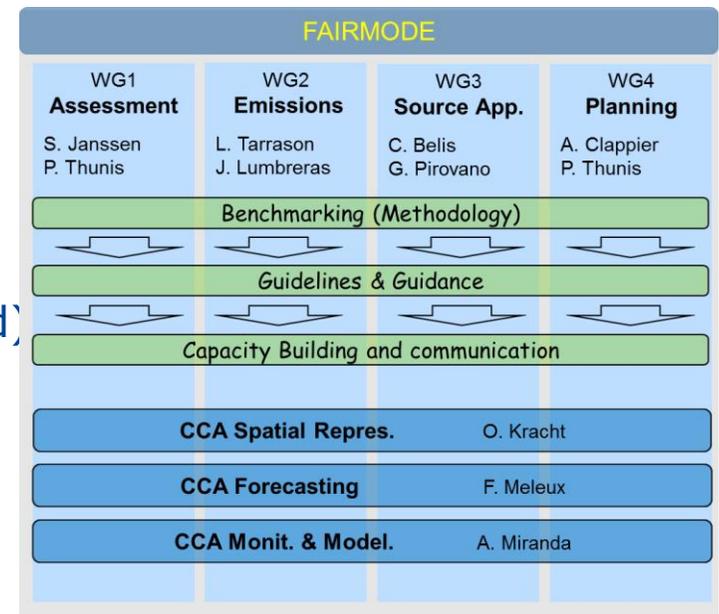

- On behalf of the Joint Research Centre and the European Commission
- To all national experts, representatives of Member States: Belgium, Croatia, Czech Republic, Denmark, Estonia, Finland, France, Germany, Hungary, Ireland, Italy, Latvia, Netherlands, Norway, Portugal, Spain, Sweden, UK
- Particularly to Latvia, first time at FAIRMODE meetings
- To our colleagues from DG ENV: Tom Verheye and Thomas Henrichs

## Some figures

- 20% more participation Feb. 2015 compared to Feb. 2014
- 18 national experts from Member States attending the meetings
- This is happening in spite of:
  - larger demands from our side (survey of the e-reporting; guidance documents; more frequent meetings)
  - low availability of budget

# What have we done together?

- Understanding mutual needs
- Your fundamental presence in the plenary able to influence the course of the activities
- Continuity in the Thematic Areas
- Sharing methodology:
  - Benchmarking (one tool for data, one method)
  - guidance,
  - capacity building
- Sharing data and “playing”

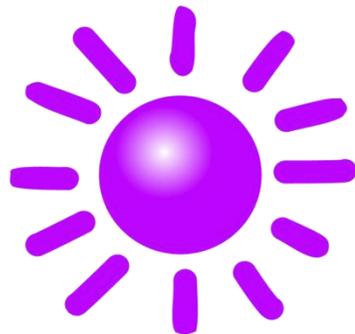

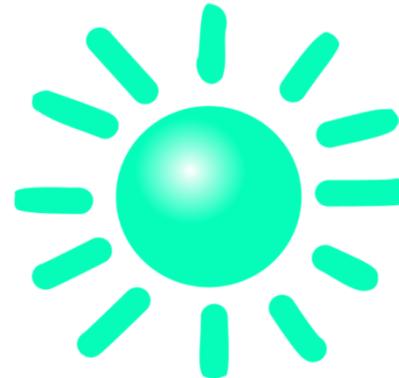

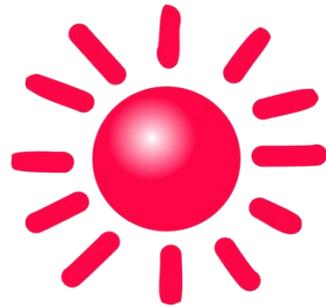

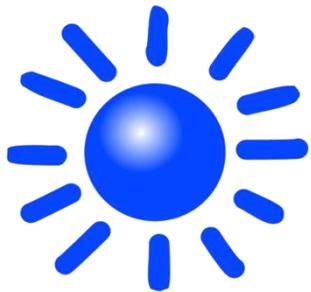

# What can we plan next?

- Improving knowledge of your needs
  - Example: training activities
- How to disseminate information to a lower level than national?
  - FAIRMODE national? (ex. FAIRMODE Germany, FAIRMODE Italy,...)
- Promoting FAIRMODE methodology, with AQUILA network but also at the Task Force Modelling and Measurements,...; growing together with their feedbacks as well
- Increasing the involvement of the EU Eastern Countries
